Hello fellow Woodlakers,

I've gotten communication from **Jacaranda West** regarding some projects they are carrying out at Woodlake (paid for from the yearly payment we each make to Jacaranda West Homeowners Assn.)

1. **MONDAY** (June 8) they will begin repairing the asphalt around a couple of our storm drains.
2. **MONDAY** (June 8) they will begin making a new wood fence across from Building D.
3. **SOON** they will begin repairing and sealing the **ENTRY CIRCLE** though the exact start date depends upon the weather. This will be a project that will need to have some traffic control so residents can get in and leave Woodlake during the process. After they have applied the sealant it takes about 8 hours to dry. *When JWHA gives me the details about the start date I will pass this along to you.*

I hope that you are all having a good "beginning" of summer.

My best to you all!

Denny
